YOUTHPASS

Youthpass is a tool to document and recognise learning outcomes from youth work activities. It is available for projects funded by Erasmus+: Youth in Action (2014-2020) and Youth in Action (2007-2013) programmes. It is a part of the European Commission's strategy that supports the reflection upon the personal non-formal learning process and outcomes.

While creating their Youthpass certificate together with a support person, project participants are given the possibility to describe what they have done in their project and which competences they have acquired. The certificate can be helpful in obtaining jobs and improving career progress since it can easily be attached to one's CV and serve as a proof of professional development.

8 Key competences for Lifelong Learning evaluated by Youthpass are:

- a. Communication in the mother tongue
- b. Communication in foreign languages
- c. Mathematical competence and basic competences in science and technology
- d. Digital competence
- e. Learning to learn
- f. Social and civic competences
- g. Sense of initiative and entrepreneurship and
- h. Cultural awareness and expression

The participants of this project have a right to obtain their Youthpass certificates at the end of the main activity.
