Each national team has to **create** a game with an educational aspect. You will represent it during the project.

E.g. We all know traditional "bingo", but in youth work we use it for getting to know each other, by changing numbers to facts about the participants.

It is mandatory to have a proper travel & health insurance, which will cover any unexpected costs that may occur. EHIC card is not enough!

Bring  your favorite snacks and drinks from your country.

To foster exchange of experience we invite you to propose your own ideas related to the topic and main aim of the project.
