Udruga za održivi razvoj

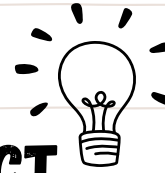

ABOUT US

Pozitiva Samobor creates and implements programs aimed at developing the skills of young people and discovering their talents, teaching them how to become active citizens and learn to take responsibility. We want to give young people useful tools that will motivate them to become intellectually and physically more active, thus developing them into 21st century leaders.

ABOUT PROJECT

"Growing up Your Nature" strives to instill a sense of responsibility and appreciation for the environment, equipping the younger generation with practical skills and insights that extend beyond traditional education. Through hands-on activities and interactive sessions, we aim to inspire a new generation that is not only well-versed in agricultural practices but also conscious of the impact they can have on their surroundings. Join us on this transformative journey, as we explore, learn, and grow together, fostering a connection between today's youth and the invaluable lessons Mother Nature has to offer.

Craft workshops

Creative workshops

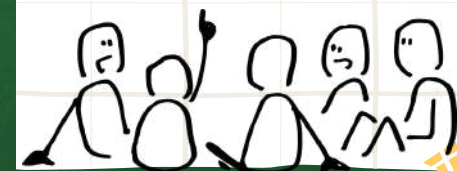

ABOUT PARTICIPANTS

"Growing up Your Nature" is an exciting project tailored for young individuals, hailing from both rural and urban backgrounds and will involve 20 participants from 4 different countries.

Age requirement: 14-20 years old (team leader can be over 30 y.o.)

Each partner will send 5 participants, if possible paying attention to the gender balance.

The participants need to be interested in the topic, really motivated in learning and sharing their interest through open space workshops.

HOW TO REACH US?

 Vrhovčak 61,
10430, Samobor,
Croatia

Arriving to Zagreb Airport
"Franjo Tuđman" or Zagreb

VENUE OF THE PROJECT

Greenville is rural oasis where you can experience all the charms of life in nature, starting with growing your own organic food, caring for animals and recreational activities on the picturesque glades.

ACCOMODATION

Greenville is an eco-educational property located in the heart of Croatia, in the rural environment of the picturesque town of Samobor. The estate covers 1964 m² of land and contains a residential building with 22 beds, indoor and outdoor work space, garden, orchard, educational trail and housing for domestic animals.

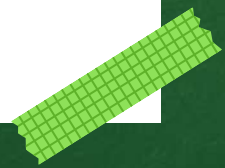

WHAT TO BRING?

- ID / passport
- Personal medication
- European Health Insurance Card
- Own towels, slippers, personal hygiene items, comfortable/warm clothes, shoes and raincoat
- Your positive energy and smile :)

TO DO LIST

- Preparation of the cultural night of your country (foods, drinks, games, dances) in advance (preferably before leaving for the project) .
 - **BRING YOUR OWN WORKSHOP**
 - Prepare a workshop with your national team according to the project topic
 - coordinate with your group and group leader
 - use interactive and energising games while presenting
 - 1 hour and 30 minutes to present
 - Filling the online participant form shared by the coordinator and joining WhatsApp group.
 - To bring 1 laptop per national group (preferably leaders).
 - Important note: The participants must accept to disseminate project and it's outcomes after they return their home country.
- 

WEATHER FORECAST

Samobor's average daily temperature in March is +14°C during the day and +5°C at night. The weather can get pretty cool at night, so bring a mix of clothing to accommodate the warm and sunny days and chilly nights of March.

WHAT TO EXPECT?

- The project encourages participants to forge a close connection with Mother Nature, emphasizing the significance of non-formal education.;
- Many possibilities to spend time with kind people from different countries!
- Getting to know each other through games and team-building activities;
- Captivating workshops and activities organised by both us and you - the participants;
- Chance to gain experience in organising thematic workshops for others;
- Intercultural evenings;
- Energising games, fun, and most likely - lots of friends!

WHAT NOT TO EXPECT?

- Organised sightseeing trips with a tour guide - If you want to travel more in Croatia, you can come a few days earlier or leave later. Please note that, in this case, the additional costs will not be funded;
- Workshops organised by professional trainers or teachers (no formal education methods!);
- Luxury accommodation and extraordinary food. With only 37 EUR per participant per day, the organisers must provide the accommodation, food, and project materials and cover other exceptional costs. It may sound much, but it's not really...
